## **Management's Responsibility**

---

The municipality's management is responsible for the preparation and presentation of the accompanying financial statements in accordance with Canadian public sector accounting standards (PSAS). The preparation of the statements necessarily includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgments and estimates by management are required.

In discharging its responsibilities for the integrity and fair presentation of the financial statements, management designs and maintains the necessary accounting, budget and other related internal controls to provide reasonable assurance that transactions are appropriately authorized and accurately recorded, that assets are properly accounted for and safeguarded, and that financial records are properly maintained to provide reliable information for the preparation of the consolidated financial statements.

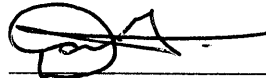

The Council is composed of elected officials who are not employees of the municipality. The Council is responsible for overseeing management in the performance of its financial reporting responsibilities. The Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with external auditors. The Council is also responsible for recommending the appointment of the municipality's external auditors.

Grant Thornton LLP, an independent firm of Chartered Professional Accountants, is appointed by the Council to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and management to discuss their audit findings.

## INDEPENDENT AUDITOR'S REPORT

---

To the Council of the Rural Municipality of Blucher No. 343

### *Qualified Opinion*

We have audited the financial statements of the Rural Municipality of Blucher No. 343 (the Municipality), which comprise the statement of financial position as at December 31, 2019, and the statements of operations and accumulated surplus and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matter described in the *Basis for Qualified Opinion* section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Municipality as at December 31, 2019, and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### *Basis for Qualified Opinion*

We were not able to observe the counting of inventories at January 1, 2019 or December 31, 2019 or satisfy ourselves by alternative means concerning inventory quantities as at those dates. Since opening and closing inventories enter into the determination of the financial performance and cash flows, we were unable to determine whether adjustments might have been necessary in respect of the surplus of revenues over expenses for the year reported in the statement of operations, inventory reported on the statement of financial position and the cash flows from operating activities reported in the statement of cash flows. As a result, our audit opinion on the financial statements for the year ended December 31, 2019 is modified because of the possible effects of this limitation in scope.

As discussed in Note 23 to the financial statements, the municipality has an interest in the Highway 41 Water Utility which is a government partnership. The municipality has not recorded in its financial statements its 33.33% interest in this partnership using the proportionate consolidation method, which constitutes a departure from Canadian Public Sector Accounting Standards. This is the result of a decision taken by council to not record its interest in this government partnership. If the interests in Highway 41 Water Utility were included in the municipality's financial statements the annual surplus of revenue over expenses would decrease by \$81,940 to \$856,592 (2018 - surplus would decrease by \$51,893 to \$910,054, financial assets would increase by \$530,482 (2018 - \$540,392), liabilities would increase by \$20,021 (2018 - \$25,809), non-financial assets would increase by \$3,446,057 (2018 - \$3,524,279) and accumulated ending surplus would increase by \$3,956,519 (2018 - \$4,038,863).

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Municipality in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with those requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

### *Emphasis of Matter*

We draw attention to Note 24 to the financial statements, which explains that certain comparative information presented for the year ended December 31, 2018 has been restated. The financial statements for the year ended December 31, 2018 (prior to the adjustments that were applied to restate certain comparative information explained in Note 23) were audited by Cogent Chartered Professional Accountants LLP who expressed an unmodified conclusion on those financial statements on March 21, 2019. Our opinion is not modified in respect of this matter. The partners and staff of Cogent CPA LLP joined Grant Thornton LLP on November 1, 2019.

### *Other Matters*

#### *Supplemental Information*

Our audit was conducted for the purposes of forming an opinion on the financial statements taken as a whole. Schedules 1, 2, 3, 7, 9 and 10 are presented for purposes of additional information and are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied, only to the extent necessary to express an opinion, in the audit of the financial statements taken as a whole.

### *Predecessor Auditor*

The financial statements of the Rural Municipality of Blucher No. 343 for the year ended December 31, 2018, were audited by Cogent Chartered Professional Accountants LLP who expressed an unmodified opinion on those consolidated statements on March 21, 2019. The partners and staff of Cogent Chartered Professional Accountants LLP joined Grant Thornton LLP subsequent to that on November 1, 2019.

*Responsibilities of Management and Those Charged with Governance for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Municipality's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Municipality or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Municipality's financial reporting process.

*Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Municipality's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Municipality's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Municipality to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to Financial Statements

As at December 31, 2019

---

1. **Significant accounting policies**

The financial statements of the municipality have been prepared by management in accordance with Canadian public sector accounting standards (PSAS) as recommended by the Chartered Professional Accountants of Canada (CPA Canada). Significant aspects of the accounting policies adopted by the municipality are as follows:

**Basis of accounting:** The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting requires revenues to be recognized as they become available and measurable and expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.

(a) **Reporting Entity:**

The financial statements consolidate the assets, liabilities and flow of resources of the municipality. The entity is comprised of all of the organizations that are owned or controlled by the municipality and are, therefore, accountable to the Council for the administration of their financial affairs and resources. Entities included in these financial statements are as follows:

**Entity:**

N/A

All inter-organizational transactions and balances have been eliminated.

(b) **Collection of funds for other authorities:**

Collection of funds by the municipality for school boards, municipal hail and conservation and development authorities are collected and remitted in accordance with relevant legislation.

(c) **Government Transfers:**

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return. Government transfers are recognized as revenue in the period that the events giving rise to the transfer occur, providing:

- a) the transfers are authorized
- b) any eligibility criteria and stipulations have been met; and
- c) reasonable estimates of the amounts can be made.

Unearned government transfer amounts received will be recorded as deferred revenue until eligibility criteria or stipulations are met.

Earned government transfer amounts not received will be recorded as an amount receivable.

Government transfers to individuals and other entities are recognized as an expense when the transfers are authorized and all eligibility criteria have been met.

(d) **Deferred Revenue - Fees and Charges:**

Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed. Resources restricted by agreement with an external party are recognized as revenue in the municipality's financial statements in the period in which the resources are used for the purpose or purposes specified. An externally restricted inflow received before this criterion has been met is recorded as a liability until the resources are used for the purpose or purposes specified.

(e) **Local Improvement Charges:**

Local improvement projects financed by frontage taxes recognize any prepayment charges as revenue in the period assessed.

(f) **Net Financial Assets:**

Net Financial Assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.

(g) **Non-financial assets:**

Tangible capital and other non-financial assets are accounted for as assets by the government because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.

(continues)

Notes to Financial Statements

As at December 31, 2019

---

1. **Significant accounting policies** *(continued)*

(h) **Appropriated Reserves:**

Reserves are established at the discretion of Council to designate surplus for future operating and capital transactions. Amounts so designated are described on Schedule 8.

(i) **Property Tax Revenue:**

Property tax revenue is based on assessments determined in accordance with Saskatchewan Legislation and the formulas, principles, and rules in the Saskatchewan Assessment Manual. Tax mill rates are established annually by council following the guidance of the Government of Saskatchewan. Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred, provided the revenues are expected to be collected. Requisitions operate as a flow through and are excluded from municipal revenue.

(j) **Investments:**

Portfolio investments are valued at the lower of cost, less any provisions for other than temporary impairment. Investments with terms of 91 days to one year have been classified as other short-term investments and investments with terms longer than one year have been classified as other long-term investments concurrent with the nature of the investment.

The long term investments in the Saskatchewan Association of Rural Municipalities - Self insurance fund are accounted for on the equity basis. The balance represents the balances receivable should the municipality decide to leave the self-insurance program and includes upfront contributions to the plan, additional premium payments, allocations of investment income on the funds on deposit, self-insurance claims paid and other claims administration costs. The municipality has the ability to withdraw from the plan with notice. Beyond the return of the municipality's fund balance, it has no further claim to the residual net assets of SARM.

(k) **Inventories:**

Inventories of materials and supplies expected to be used by the municipality are valued at the lower of cost or replacement cost. Inventories of land, materials and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the average cost method. Net realizable value is the estimated selling price in the ordinary course of business.

*(continues)*

---

Notes to Financial Statements

As at December 31, 2019

1. Significant accounting policies (continued)

(l) **Tangible Capital Assets:**

All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant inflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of contribution. The cost of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. Tangible capital assets that are recognized at a nominal value are disclosed on Schedule 6. The municipality's tangible capital asset useful lives are estimated as follows:

<u>Asset</u>	<u>Useful Life</u>
<b>General Assets</b>	
Land	Indefinite
Land Improvements	5 to 20 Years
Buildings	10 to 50 Years
<b>Vehicles &amp; Equipment</b>	
Vehicles	5 to 10 Years
Machinery and Equipment	5 to 10 Years
<b>Infrastructure Assets</b>	
Infrastructure Assets	30 to 75 Years
Water & Sewer	30 to 75 Years
Road Network Assets	30 to 75 Years

**Government contributions:** Government contributions for the acquisition of capital assets are reported as capital revenue and do not reduce the cost of the related asset.

**Works of Art and Other Unrecognized Assets:** Assets that have a historical or cultural significance, which include works of art, monuments and other cultural artifacts are not recognized as tangible capital assets because a reasonable estimate of future benefits associated with this property cannot be made.

**Capitalization of Interest:** The municipality does not capitalize interest incurred while a tangible capital asset is under construction.

**Leases:** All leases are recorded on the financial statements as either a capital or operating lease. Any lease that transfers substantially all of the benefits and risk associated with the leased asset is classified as a capital lease and recorded as a tangible capital asset. At the inception of a capital lease, an asset and a payment obligation are recorded at an amount equal to the lesser of the present value of the minimum lease payments and the asset's fair market value. Assets under capital lease are amortized on a straight line basis, over their estimated useful lives [lease term]. Any other lease not meeting the before mentioned criteria is classified as an operating lease and rental payments are expensed as incurred.

(m) **Landfill liability:**

The municipality does not maintain a waste disposal site.

(n) **Trust Funds:**

Funds held in trust for others, under a trust agreement or statute, are not included in the financial statements as they are not controlled by the municipality. Trust fund activities administered by the municipality are disclosed in Note 18.

(o) **Employee benefit plans:**

Contributions to the municipality's multi-employer defined benefit plans are expensed when contributions are made. Under the defined benefit plan, the municipality's obligations are limited to their contributions.

(continues)

Notes to Financial Statements

As at December 31, 2019

---

1. **Significant accounting policies** *(continued)*

(p) **Liability for Contaminated Sites:**

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when all the following criteria are met:

- a) an environmental standard exists;
- b) contamination exceeds the environmental standard;
- c) The municipality:
  - i. is directly responsible; or
  - ii. accepts responsibility;
- d) it is expected that future economic benefits will be given up; and
- e) a reasonable estimate of the amount can be made.

Any revisions to an amount previously recognized are accounted for in the period in which the revisions are made.

(q) **Measurement Uncertainty:**

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the period. Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

The measurement of materials and supplies are based on estimates of volume and quality. The 'Opening Asset costs' of tangible capital assets have been estimated where actual costs were not available. Amortization is based on the estimated useful lives of tangible capital assets.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary they are reported in earnings in the periods in which they become known.

(r) **Basis of segmentation/Segment report:**

The municipality follows the Public Sector Accounting Board's recommendations requiring financial information to be provided on a segmented basis. Municipal services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowings.

The segments (functions) are as follows:

**General Government:** Provides for the administration of the municipality.

**Protective Services:** Comprised of expenses for Police and Fire protection.

**Transportation Services:** Responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

**Environmental and Public Health:** The environmental segment provides waste disposal and other environmental services. The public health segment provides for expenses related to public health services in the municipality.

**Planning and Development:** Provides for neighbourhood development and sustainability.

**Recreation and Culture:** Provides for community services through the provision of recreation and leisure services.

**Utility Services:** Provides for delivery of water, collecting and treating of wastewater and providing collection and disposal of solid waste.

(s) **Budget Information:**

Budget information is presented on a basis consistent with that used for actual results. The budget was approved by Council on March 20, 2019.

---

Notes to Financial Statements

As at December 31, 2019

1. Significant accounting policies (continued)

(t) **New Accounting Standards:**

Effective January 1, 2019, the municipality adopted the following standard to comply with Canadian public sector accounting standards (PSAS). This standard applies to all public sector entities for years beginning on or after April 1, 2018. Adoption of this standard requires all public sector entities to assess information using definitions, criteria and exceptions provided in the standards and apply professional judgement to comply with the disclosure requirements of each standard.

**PS 3430 Restructuring Transactions** provides guidance on how to account for and report restructuring transactions by transferors and recipients of assets and/or liabilities. The new standard has been adopted on a prospective basis.

For more information refer to Note 21.

**Future Accounting Standards, Effective on or after April 1, 2022:**

**PS 1201 Financial Statement Presentation**, replaces PS 1200 with revised general reporting principles and standards of presentation and disclosure in government financial statements. Effective in the period PS 3450 and PS 2601 are adopted.

**PS 2601 Foreign Currency Translation**, replaces PS 2600 with revised guidance on the recognition, presentation and disclosure of transactions that are denominated in a foreign currency.

**PS 3041 Portfolio Investments**, replaces PS 3040 with revised guidance on accounting for, and presentation and disclosure of, portfolio investments. Effective in the period PS 3450, PS 2601 and PS 1201 are adopted.

**PS 3450 Financial Instruments**, a new standard establishing guidance on the recognition, measurement, presentation and disclosure of financial instruments, including derivatives.

**PS 3280 Asset Retirement Obligations**, a new standard establishing guidance on the recognition, measurement, presentation and disclosure of a liability for retirement of a tangible capital asset. As this standard includes solid waste landfill sites active and post-closing obligations upon adoption of this new standard, existing Solid Waste Landfill Closure and Post-Closure Liability section PS 3270 will be withdrawn.

**Effective On or After April 1, 2023:**

**PS 3400, Revenue**, a new standard establishing guidance on the recognition, measurement, presentation and disclosure of revenue.

The extent of the impact on adoption of these future standards is not known at this time.

2. Cash and Temporary Investments

	<u>2019</u>	<u>2018</u>

6. Investments

	2019	2018
<b>Short-term Investments</b>		
<b>Long-term Investments</b>		
Long Term Tem Deposits	\$ 214,291	\$ 410,090
Sask. Ass. of Rur. Mun. General Ins. Investment	43,675	40,636
Sask. Ass. of Rur. Mun. Liability Ins. Investment	44,047	42,199
Co-op Shares	21	21
<b>Total Investments</b>	<b>\$ 302,034</b>	<b>\$ 492,946</b>

The long term investments in the Saskatchewan Association of Rural Municipalities - Self Insurance Fund are accounted for on the equity basis. The balance represents the balances receivable should the municipality decide to leave the self-insurance program and includes upfront contributions to the plan, additional premium payments, allocations of investment income on the funds on deposit, self-insurance claims paid and other claims administration costs. The municipality has the ability to withdraw from the plan with notice. Beyond the return of the municipality's fund balance, it has no further claim to the residual net assets of SARM.

7. Debt Charges Recoverable

Notes to Financial Statements

As at December 31, 2019

---

10. **Accrued Landfill Costs**

	2019	2018
Environmental Liabilities	\$ -	\$ -

This note does not pertain to this municipality.

---

11. **Liability for Contaminated Sites**

The municipality does not currently have a liability for any contaminated sites in the community. All properties that have environmentally risky histories are still under the ownership of the corporation or individual that operated on the property and all property tax and/or other liabilities to the municipality are current. There is currently no risk that any of these properties will become the responsibility of the municipality.

---

12. **Long-term Debt**

The debt limit of the municipality is \$3,644,605. The debt limit for a municipality is the total amount of the municipality's own source revenues for the preceding year (The Municipalities Act Section 161(1)).

The municipality has no long term debt.

---

13. **Lease Obligations**

This note does not pertain to this municipality.

14. **Other Non-financial Assets**

This note does not pertain to this municipality.

---

15. **Contingent Liabilities**

The municipality is contingently liable under terms of the Saskatchewan Association of Rural Municipalities Self-Insurance Plan for its proportionate share of claims and future claims in excess of the Plan's reserve fund.

---

16. **Pension Plan**

The municipality is an employer member of the Municipal Employee Pension Plan (MEPP), which is a multi-employer defined benefit pension plan. The Commission of MEPP, representing plan member employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of benefits. The municipality pension expense in 2019 was \$150,042. The benefits accrued to the municipality's employees from MEPP are calculated using the following: pensionable years of service, highest average salary, and the plan accrual rate.

---

Notes to Financial Statements

As at December 31, 2019

17. Comparative Figures / Subsequent Events

Since December 31, 2019, the spread of COVID-19 has severely impacted many local economies around the globe. In many countries, including Canada, businesses are being forced to cease or limit operations for long or indefinite periods of time. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered significant disruptions to businesses worldwide, resulting in an economic slowdown. Global stock markets have also experienced great volatility and a significant weakening. Governments and central banks have responded with monetary and fiscal interventions to stabilize economic conditions.

It is unknown to what extent these factors will impact the municipality, however they could play a significant factor on the community in their ability to pay and service their taxes, as well as the utilization of taxes held by the municipality. The municipality has determined that these events are non-adjusting subsequent events. Accordingly, the financial position and results of operations as of and for the year ended December 31, 2019 have not been adjusted to reflect their impact. The duration and impact of the COVID-19 pandemic, as well as the effectiveness of government and central bank responses, remains unclear at this time. It is not possible to reliably estimate the duration and severity of these consequences, as well as their impact on the financial position and results of the municipality for future periods.

Certain of the prior year comparative figures may have been restated to conform to the current year's presentation.

18. Trusts Administered by the Municipality

A summary of trust fund activity by the municipality during the year is as follows:

	<u>2019</u>	<u>2018</u>
Balance - Beginning of Year	\$ -	\$ -
Revenue (specify)	-	-
Interest revenue	-	-
Subtotal	-	-
Expenditure (specify)	-	-
<b>Balance - End of Year</b>	<b>\$ -</b>	<b>\$ -</b>

This note does not pertain to this municipality.

19. Related Parties

The financial statements include transactions with related parties. The municipality is related to the Highway 41 Water Utility under the common control of the Council, but Council has chosen not to consolidate its proportionate share of the Utility.

20. Contingent Assets

This note does not pertain to this municipality.

21. Restructuring Transactions

This note does not pertain to this municipality.

22. Budget Data

The reconciliation of the approved budget for the current year to the budget figures reported in these financial statements is as follows:

Budget surplus per Statement of Operations	<u>2019</u> <b>485,545</b>
Less: Capital expenditures	<u>(1,338,000)</u>
	<b>\$ (852,455)</b>

**RURAL MUNICIPALITY OF BLUCHER NO. 343**

**Notes to Financial Statements**

**As at December 31, 2019**

**23. Highway 41 Water Utility**

The Rural Municipality of Blucher No. 343, the Rural Municipality of Aberdeen No. 373, and the Rural Municipality of Grant No. 372 (the "members") jointly share control of the Highway 41 Water Utility (the "Utility"), a public utility board created under the authority of The Municipalities Act of the Province of Saskatchewan by bylaw of the members. The Utility constitutes a government partnership under Canadian Public Sector Accounting Standards and as such the municipality is required to include in its financial statements its proportionate share of the financial position and results of operations of the Utility. The municipality has not recorded its proportionate share of the Utility in its financial statement which constitutes a departure from Canadian Public Sector Accounting Standards.

The following demonstrates the municipalities 33.33% of share of the financial position and results of operations of the Utility, a non-business government partnership, and the financial position and results of operations of the municipality had council consolidated its reporting entity.

	2019 33.33% of Utility	<b>2019 Consolidated</b>	2018 33.33% of Utility	2018 Consolidated
<b>Financial Position:</b>

**24. Contractual Rights**

This note does not pertain to this municipality.

Contractual rights are rights to economic resources arising from contracts or agreements that will result in an asset and revenue in the future. Significant contractual rights of the municipality are as follows: (all lease shown are net of GST)

	2019	2020	2021	2022	2023	Thereafter	Maturity Date	Current Year Total	Prior Year Total
<b>Type, Nature, Time &amp; Extent</b>	<hr/> <hr/>								

**24. Contractual Obligations and Commitments**

The municipality has entered into multiple-year contracts for the delivery of services and the construction of tangible capital assets [identify those that apply]. These contractual obligations will become liabilities in the future when the terms of the contracts are met. Significant contractual obligations and commitments of the municipality include:

<b>Time, Nature, Time &amp; Extent</b>	2020	2021	2022	2023	2024	Thereafter	Maturity Date	Current Year Total	Prior Year Total
	<hr/> <hr/>
